Cradles, - - - - -	294 to 301
Toy Goods, - - - - -	302 to 305

We call the attention of the trade to the above cut, which shows our improved adjustable tempered steel chair spring, which we use on all of our screw and spring office chairs.

The casting, to which the legs are attached, is solid, with a good thread running the entire length of the same.

The advantages of these improvements are apparent, without further mention.

## NOTICE.

---

OUR Vienna Styles of Bent Wood Furniture are offered to the Trade upon their merits, as there are none of these goods manufactured that are superior in workmanship or finish.

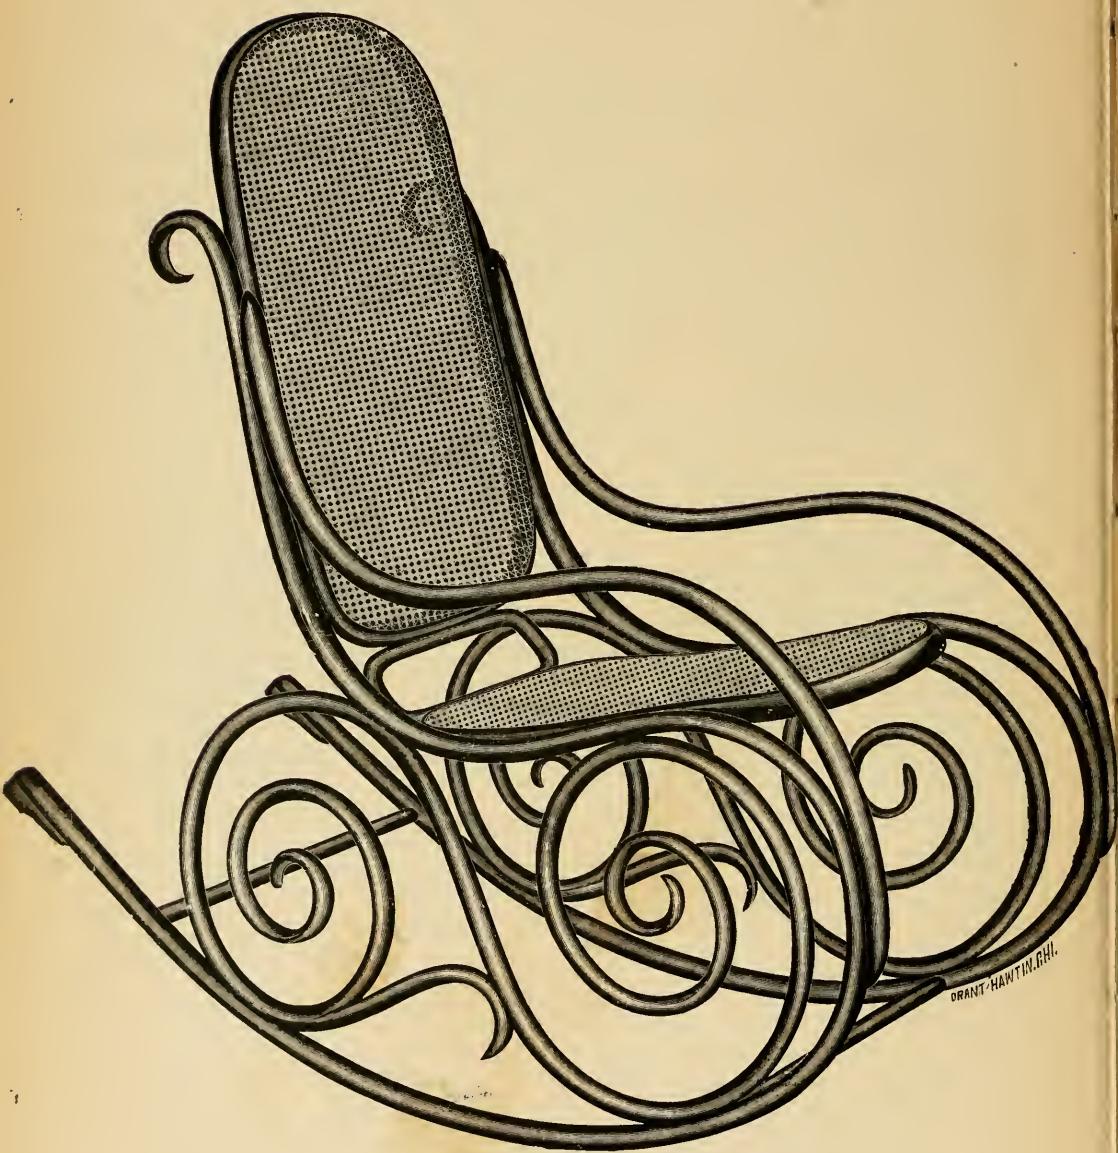

All of these goods are finished in French Polish, by hand, in the following colors: Imitation Ebony, Imitation Mahogany, Imitation Cherry, Imitation Walnut, and Light, in the natural color of the wood.
